LaSalle New Phone Exchange Prefix SEneca 4

Telephone subscribers to be served by the new LaSalle exchange which will go into service in the early spring of next year will receive telephone numbers with the exchange prefix SEneca 4, E. J. Radigan, Bell Telephone manager for Windsor, and vicinity, announced today.

Present subscribers in the new exchange area are served by rural party lines from the Windsor exchange and have Windsor telephone numbers.

Opening of the new exchange will make available individual and two-party service to LaSalle residents, and will also provide facilities to serve those waiting for service in the exchange area. The number of parties sharing lines in rural sections will also be reduced.

Mr. Radigan advised subscribers in the LaSalle exchange area to bear in mind the forthcoming number change when ordering quantities of stationery or other printed material which includes their telephone numbers.

Windsor will remain in LaSalle's local calling area after the new exchange is opened, and there will be no long distance charges on calls between the two centres. After the cut-over, toll charges will apply between Tecumseh and LaSalle and it will be necessary to dial "operator" to place calls between these two centres.

The extensive preparatory work required before the new exchange can be opened is well under way. Construction of the new exchange building on the east side of the Front Road in LaSalle is now nearing completion, and the task of installing the intricate dial switching equipment will start as soon as the building is ready.

LaSalle Youths Receive Shaking-Up

Four LaSalle boys, Allen Brodeur, Lionel Monforton, Emery Leuz and Bill Eyon received a shaking-up on Sunday afternoon, when a car, driven by Mr. Harold G. Corlett of 6 Hillcrest Dr., London, Ontario, crashed into the rear of the car driven by Allen Brodeur at the corner of Sandwich and Dougall Sts.

Allen was stopped at the intersection making a left-hand turn and waiting for oncoming traffic to pass before completing his turn. The Corlett car, approaching from the rear, failed to stop crashed into the car. The Brodeur car received approximately \$80 damage and the Corlett car received \$400 damage.

Fortunately the four boys had noticed the Corlett car approaching from the rear without signs of slowing down, and so braced themselves for the impact. Lionel received a bruised forehead, Emery complained of a stiff neck, and Allen complained of a sore shoulder. No comments from Bill.

Sandwich West Council Meet

The Sandwich West council held their regular meeting on Tuesday evening. Mr. Dave Bondy was absent.

His service in the Roseland M.L.A. section has been discontinued as of Saturday, October 10th. A delegation of residents protested to the council against his cutting off his service. Mr. Matalik of he bus line cancelled the Dougall Road services because he is losing money on it.

The council is arranging a special meeting with the bus company to try and get the bus service resumed as quickly as possible.

South Windsor Kiwanis	\$300.

A petition was presented by the residents adjacent to the property of Mr. Herbert Hayes, dog catcher for the Township requesting that the dog shed and kennel be moved to the rear of his property with the complaints that the noise from the dogs creates a nuisance.

The Sandwich West council advised their solicitor, Mr. Al Kennedy that the have no objections that the Sandwich East Employees Federal Union, Lo-526, be certified bargaining agents to the employees of the township.

Permission was granted to purchase lots desired by J. Homer Smith, Charles Durocher, Harvey Harnds and W. Solsnick.

Free Make-Up Presentation

Cornett's Rexall Drug Store of LaSalle is sponsoring a free make-up presentation on Wednesday evening, November 4th, in the dining room of the Sugar Bowl, LaSalle.

The following day Miss Lapp will be pleased to discuss and advise you on make-up at Cornett's Drug Store. Keep this coming event in mind.

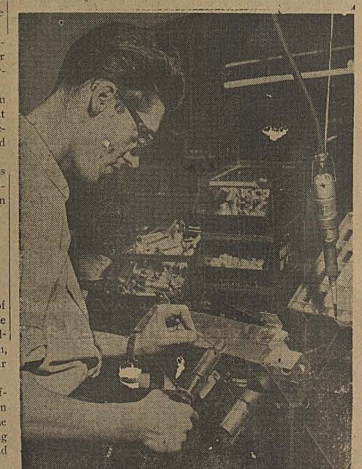

Former Prisoner Tells His Story

CPL HAROLD M. DUNN, 23, of Downsview, N.Y., who said he voluntarily attended Communist lectures while a prisoner of war in a North Korean prison camp, is interviewed by reporters upon arrival at LaGuardia Airport, N.Y. He told the newsmen he was not a Communist and "never will be." The tall youth explained "I wanted to get the other side of the picture—I wanted to hear what they had to say." He added "Now I know it isn't so good."

THE CARON FLAG
If the parliamentary flag committee is revived after the house reconvenes this month, as rumors suggest, the lack of a Canadian flag may again be a live issue. A flag that will get a lot of support is shown above. The flag, designed by Montrealer A. L. Caron, is quartered into four sections of Royal blue transversed by a white cross with — in the centre — a circle of white bordered by 10 red stars and a maple leaf centered.

Roger Fougereau, of Montreal, first sightless television assembly worker in Canada, uses a softening iron as he takes his place in industry. Use of the iron is no problem for Roger, who began assembly work three months after losing his sight — the shortest rehabilitation period for any person registered with the Canadian National Institute for the Blind.

HYDRO STANDARDIZATION MESSAGE

These men will
be calling on
you soon

IF YOU LIVE IN
LaSalle

These are Hydro's "inventory men" . . . the men who will soon be calling at your home or place of business to check over your electrical equipment and make a list of all items which will have to be altered or adjusted for operation on the standard 60-cycle power, shortly to replace the 25-cycle power you are using now.

You will receive a letter briefly outlining "Operation Changeover," and your part in it, on the reverse side of which is a check list of certain types of electrical appliances which must be altered before they will operate on 60 cycles. This work will be done by Hydro technicians and at Hydro's expense. We ask you to check this list against the appliances in your home or place of business and indicate on it how many you have of each. . . then keep it in a convenient place until our "inventory men" arrive. Remember, when "changeover" day arrives ONLY THOSE APPLIANCES OF WHICH WE HAVE A RECORD CAN BE ALTERED FOR 60 CYCLES.

FOR YOUR PROTECTION

All representatives of Hydro engaged in "changeover" work carry a special badge or identification card. For your own protection please ask for it.

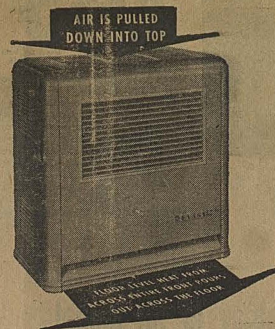

Keep your list in a handy place ready for the "inventory men". Do this, and you will be doing yourself—and your Hydro—a great service.
